Benefit bikes
with Lease a Bike

What does benefit bike mean?

With Lease a Bike you pay for your dream bike through a deduction from your gross salary, which results in a significantly cheaper bike purchase than privately. Use the bike in your free time, just as you wish – always smoothly and fully insured.

After the leasing period (36 months) you have the opportunity to buy the bike at a beneficial price (market value), or return the bike and lease a new one. In the event that you are on sick leave for a longer period, on parental leave or terminate your employment, we offer a take-back guarantee (after 6 months) which means that you can return the bike and terminate the contract at no extra cost.

Choosing a bike as your means of transportation is not only kind to your wallet and the environment, it's also an investment in your health! You also save money on fuel and parking – while giving your heart and body an extra boost.

A win-win for both your wallet and your health!

A favorable choice

In addition to the fact that cycling contributes to a healthier, greener and more mobile life, there are several significant benefits to leasing a benefit bike through Lease a Bike:

Save up to 40%

Pay for your benefit bike with a gross salary deduction and save to 40% compared to private purchases, thanks to tax benefits

Free choice at your local dealer

Choose from a wide selection at your [local dealer](#) with bicycles from well-known international and domestic manufacturers. [Ordering online](#) is also possible!

Comprehensive insurance

Comprehensive bike protection with mobility guarantee and replacement value guarantee in the event of damage or theft is always included.

Completely without excess!

900.000+
employees have
already leased their
dream bike with
Lease a Bike

Our service packages

Each benefit bike is leased together with one of our service packages, which gives you a more affordable way to service your bike.

The service packages are divided into budgets that you can freely dispose of for each 12-month period, which makes a total of three periods during the 36-month lease period.

The service budget can be used for inspections and repairs including spare parts at any connected dealer.

Basic

The basics – for you who don't cycle that often.

55 SEK/month

Annual premium 660 SEK

**Annual budget 700 SEK
(+6%)**

Safe

Perfect for everyone – especially those with electric bikes.

Order your bike with home delivery

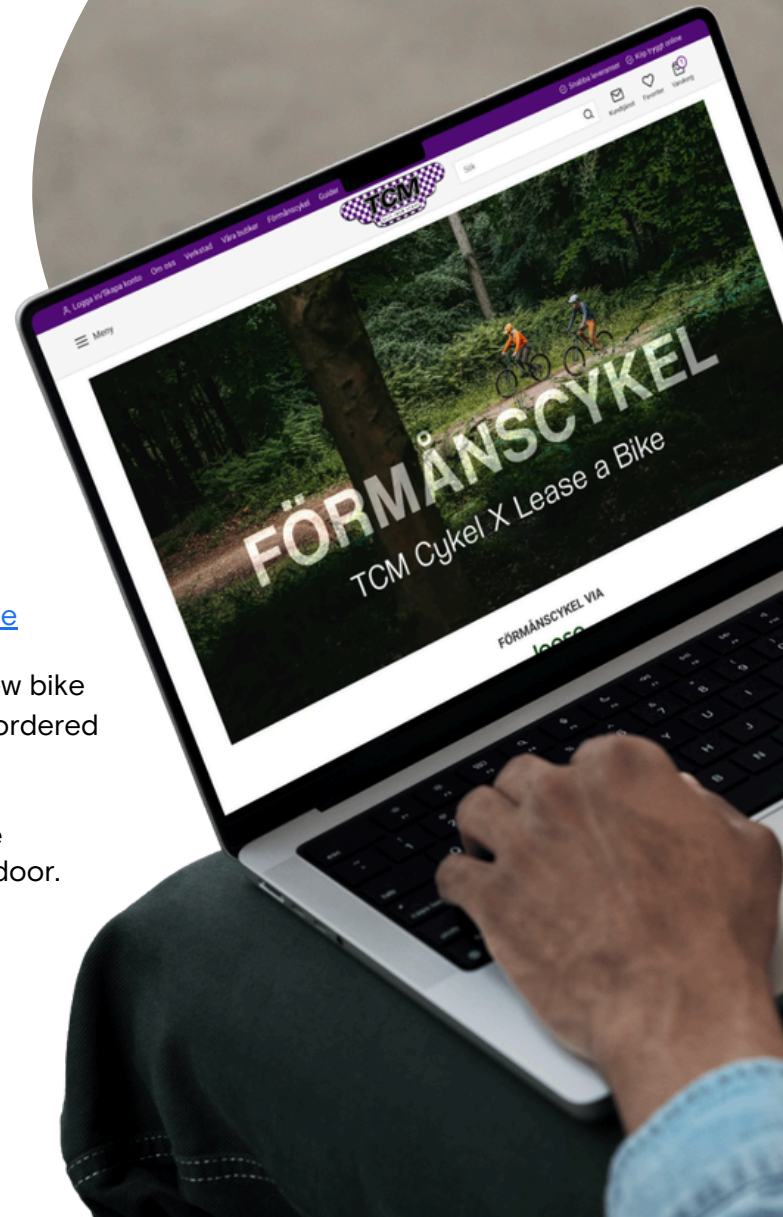

If you want to order your bike in peace and quiet from home, you can do it easily at tcmcykel.se.

There are over 1500 models to choose from in all categories and the bike is delivered right to your home. Then service your bike at any of Lease a Bike's affiliated workshops.

Fast, smooth & easy!

How to do it:

- 1 Choose your dream bike
- 2 Order the bike as a benefit bike at tcmcykel.se
- 3 Gears, brakes and everything else on your new bike will be set up and any extra accessories you ordered will be fitted.
- 4 The mechanics pack the bike safely in a large cardboard box and transport it to your front door.
- 5 You receive the bike & follow the simple assembly videos for, among other things, pedals and handlebars.
- 6 Go out and enjoy your new bike!

How to order your dream bike

Lease a Bike's ordering process in 5 simple steps

1

Register in our portal via your employer's unique registration link and then wait for your employer's approval.

2

Choose a connected dealer through our [dealer map](#) and give them your order code. Get all the help and advice you need to pick your dream bike!

4

The dealer creates a quote for your benefit bike in the portal. You can then directly approve the quote yourself via the portal, for example on your mobile phone.

3

Once you have chosen your benefit bike, add a service package and any accessories. A comprehensive insurance is always included - with SEK 0 in excess and without age deduction.

5

If your dream bike is in stock, you can start riding right away! You can of course use your bike for both commuting and in your free time - you choose. Get on the saddle and enjoy your benefit bike!

Psst..don't forget that you can often do all steps at the same time!
